The Uvex® Difference

Engineered specifically for industrial applications where eye hazards are present, our products are designed for fashion but built to perform to ANSI requirements.

Superior service plays a main role at Uvex Rx. We believe it is important to treat everyone the way we would like to be treated...it's that simple.

Quality is a way of life at Uvex Rx. We are strict adherents to the ANSI Z87.1 Standard because this standard is the most stringent requirement. We test and re-test every product on a regular basis.

An important component of all safety eyewear programs is prescription safety eyewear. If you have employees who require safety glasses outfitted with an individual prescription in them, Uvex Rx is your best resource to finding an optimal solution.

Uvex Rx works hand-in-hand with hundreds of safety optical laboratories in the Americas that can support your needs in building an efficient, cost effective and convenient safety prescription (Rx) eyewear program for your employees. *Here's how:*

- Assess Your Requirements
- Assist in the Choice of a Supplier Lab
- Provide Training Materials
- Support You with Seasoned Sales Professionals and Customer Care Personnel

Plano Collection

Uvex also offers a wide selection of safety eyewear that combines function and style with unparalleled comfort and superior protection for workers not requiring vision correction. We leverage extensive research and technological developments to continuously deliver high performance products with lasting value. This section represents a collection of our top selling and newest designs. To learn more about the complete family of Uvex safety eyewear, visit www.uvex.us.

UVEX HYPERSHOCK™

Delivers the ultimate combination of high-performance protection and aggressive sport-inspired styling. The full frame design offers high-impact protection, with streamlined padded temples and a molded nosepiece for a secure, comfortable fit.

Rx version available on page 5.

GENESIS XC®

Cushioned comfort and adjustability features with an extended wrap-around lens for extra cheek and side coverage. Available with Uvextreme® anti-fog, Ultra-dura® anti-scratch, and Dura-streme® dual anti-fog/anti-scratch lens coatings in a wide range of lens tints.

UVEX CARBONVISION™

Exceptional performance in a compact, lightweight, comfortable design weighing in at just over an ounce and a half. Uvex Carbonvision goggles are one of the lightest wide-vision goggles on the market, protecting workers from impact, dust/airborne particles and chemical splash.

UVEX PROTÉGÉ®

Designed with our proprietary Floating Lens™ technology, an expandable wraparound brow, soft temple tip pads and molded rubber nose pads, Uvex Protégé combines sport styling with a flexible design for a final product that weighs less than an ounce.

UVEX LIVEWIRE™ SEALED EYEWEAR

Fit, performance and protection required in extreme environments, protecting workers against intense wind, sun, dirt, dust and debris, as well as high heat and humidity.

Rx version available on page 5.
